Dear Ms. Green,

The Westchester Streetscape Improvement Association (WSIA) is a volunteer, community based non-profit, streetscape beatification organization. We have worked on many projects over the years with Westchester Lutheran School and their Headmistress Sandra Masted, who have always displayed a genuine interest in serving the best needs of the community. We are therefore, pleased to offer our unequivocal support for the Church as they continue to work through the issues attendant to their development of the school.

Westchester Lutheran School educates children from preschool through eighth grade and works hard to ensure students are nurtured and encouraged. The school's mission is to invest in children and their future. The school has been an important part of our community since 1948.

Please join us in helping our community improve by approving of the School's Review of Plans so that it may continue to serve the community.

Sincerely,

John Ruhlen
President
